

EDUCATIONAL OUTREACH

 Part of The Honeywell Foundation

The Very Hungry Caterpillar

August - May

Grades Pre K-1 (90 minutes or more depending on group size)

What will my students do?

- Participate in an interactive read aloud of The Very Hungry Caterpillar
- Use props to retell the story
- Stroll through Charley Creek Gardens and play a metamorphosis game
- Explore the life cycles of a variety of living organisms and create a color, cut, and paste model to take home

What will my students learn?

- Plants and animals go through a life cycle
- There are 4 stages in the life cycle of a butterfly
- The butterfly develops through a process called metamorphosis
- Living things each grow and develop differently
- Science is fun!

Standards:

- K.RL.2.2 With support, retell familiar stories, poems, and nursery rhymes, including key details.
- 1.RL.2.2 Retell stories, fables, and fairy tales in sequence, including key details,...
- K.LS.1 Describe and compare the growth and development of common living plants and animals.
- 1.LS.1 Develop representations to describe the organisms that have unique and diverse life cycles but all have in common birth, growth, reproduction, and death.
- K.DA.1 Identify, sort, and classify objects by size, number, and other attributes.
- K.SL.2.1: Participate in collaborative conversations about grade-appropriate topics and texts with peers and adults in small and larger groups.
- 1.SL.2.1.: Participate in collaborative conversations about grade-appropriate topics and texts with peers and adults in small and larger groups.
- K.SL.2.3: Listen to others, take turns speaking, and add one's own ideas to small group discussions or tasks.
- 1.SL.2.3: Listen to others, take turns speaking about the topic, and add one's own ideas in small group discussions or tasks.
